

# Customisable BRITA bottles

Make your BRITA bottle your very own.

Imagine. A high-quality bottle on a meeting or restaurant table, bearing your company name or logo. What better way to enhance your image or raise awareness of a particular message?

Our glass designer bottles come in a variety of sizes and styles. So, you'll be sure of finding the right option for your organisation's needs and culture. And reusable bottles are a super way to communicate your commitment to the

environment. Eliminating single-use plastic bottles reduces carbon emissions and makes a statement. Now, more than ever, that's something your employees, guests and clients will recognise and appreciate.

Of course, giving up pre-bottled drinks doesn't mean giving up refreshment! Our dispensers simply and efficiently chill water on demand.

# LARQ bottles: Clean water today and tomorrow

Hygienic. Sustainable. Revolutionary.

The modern LARQ bottles are now available with BRITA.

LARQ bottles with the innovative PureVis™ lid are self-cleaning. The integrated UV technology continually eliminates germs and odours – providing clean bottles and purified water on the go. An ideal companion for travelling, working or during outdoor activities.

Made of high-quality, double-walled stainless steel, LARQ bottles are available in various sizes, colours and with various features. Keeps water cold up to 24 hours and hot for up to 12 hours.

The bottle can be individually engraved with a name or company logo, making a personalised, high-quality gift for your team, customers and guests.
